Earn a Degree That Makes You More Valuable Globally ... achieve your best

Admission going on B.Pharm.

Bachelor of Pharmacy (B.Pharm.)

Why preferred?

- ★ Highly experienced faculty
- ★ Well equipped lab facilities
- ★ Industrial tour & training facilities

Admission Eligibility

Students who have passed Higher Secondary Certificate Examination in Science with GPA at least 2.50 or have passed GCE O-Level and A-level examinations in any five science subjects including these four, of which at least two must be at the A-Level examination and secured B grades in at least three of them at any level are eligible for admission into the B. Pharm. course.

The Department of Pharmacy offers the Bachelor of Pharmacy i.e., B. Pharm. Degree. Bachelor of Pharmacy is a four-year degree course, which includes theoretical courses, laboratory works, project works and intensive industrial and hospital training. This program aims at providing students with modern and broad-based education in pharmaceutical sciences and preparing them as well-trained pharmacy professionals/pharmacists to meet the needs of the Pharmacy profession as practiced all over the world.

In any field of the Pharmacy profession, B. Pharm. graduates have ample scope to work in the production, quality control, quality assurance, sales and promotion departments of the pharmaceuticals manufacturing industries and in the Community and Hospital pharmacies both at home and abroad.
